

I'm not robot!

Media Platforms Design TeamYou might have a list that goes like this: "Hot. Smart. Rich. Sweet. Likes his mom. Has hair. Tall-ish." It's your ideal guy, in bullet points, and if you can't find someone who's able to check off every single quality, well then, you'll just have to keep looking. We put our Barbie and Ken dolls away ages ago, but the perfect-mate idea still looms—so much so that it's even popping up in some women's therapy sessions. "I've seen many women who are fixated on finding Mr. Right," says clinical psychologist Jennifer Taitz, Psy.D.Desperately Seeking Dream Man Perhaps because of the princess stories we were fed along with our animal crackers, or the rom-coms like The Wedding Planner that came later, the idea that Mr. Right—or, rather, Mr. Perfect—is out there took root. Now, as an adult, you may think you've outgrown the Cinderella stories and the idea of waiting for your dream man. But the truth is, on the same level that you have a fondness for Rice Krispies Treats, it's hard to let go of the notion that The One is out there. He's hot! He's sensitive! And he'd never do something as average as hit a strip club with his buddies.In fact, many women who seek therapy for relationship issues find this is one reason for their troubles: "The problem with looking for the perfect mate is there's no such thing," says Taitz.The girl-meets-ideal-boy stories haven't stopped, either. Cinderella has been replaced by Bella Swan. Recent research shows that even married women are still waiting for their prince to come. A new study published in Mass Communication and Society found that if married women believed in the TV portrayals of relationships, they tended to be less committed to their own pairings and to find alternative partners more attractive.It's Not About "Settling" All of this Mr. Everything brainwashing has made women feel as if they're settling even when they aren't. Unless a guy is some sort of Matthew McConaughey/Channing Tatum mash-up, you believe you could do better. If butterflies don't break-dance in your gut when he's around, you think you're settling. If he's a morning person and you're not, you're convinced he isn't The One. We want kismet, frictionless matches or none at all.Our modern dating ways—online, via a site such as OKCupid or even through Facebook—may be making our intolerance for real guys even worse. An infinite number of options means there's always a better prospect around the corner, says Susan Kolod, Ph.D., a psychoanalyst at the William Alanson White Institute of Psychiatry, Psychoanalysis & Psychology in New York City. Plus, there's the illusion that in selecting a mate who meets X, Y, and Z criteria, you'll be scripting your own storybook ending.Mr. Real vs Mr. Right The Mr. Right fantasy isn't really about holding out for excellence, says Kolod. It's an excuse to avoid intimacy. Relationships are messy and scary; they require vulnerability and a loss of control. So if we focus on an unattainable ideal, we have a ready-made excuse for not trying.The point, however, isn't to give up what's important to you or to be with a man you're not attracted to. It's to be with someone who fits you, personally, rather than some catchall paragon of manhood.What you should look for is a guy who shares your values, says Taitz. If you have an anything-goes attitude about sex, a guy who considers handcuffs out of bounds probably won't cut it. If you're independent, don't try to make it work with someone who needs you nearby at all times. And if you want kids, your partner should too. Try making one list of requirements and another of preferences, suggests Taitz. You might want a tall guy but need one who loves dogs.Happy Endings Are Real Proof: Christine*. When she was in high school, she wanted a big, strong, daring guy. "Somebody who'd be a protector," she says. She didn't want just any hero. She wanted Hugh Jackman's Wolverine. She began dating a guy who fit her list to a tee. But it didn't turn out to be the movie-perfect relationship she'd hoped for. He was strong and gorgeous, sure, but also uninterested in sharing his thoughts or feelings—or learning hers. Her supposed ideal was someone she didn't really like. After they broke up, she met someone new. This guy "wasn't who I'd go for on paper," she says. "But, in person, he was so exciting."They married six years after they started dating, and Christine is still love struck. "The value of the relationship is in the fact that it isn't perfect," she says.*Name has been changedGet Over ItIf you still can't let go of the dream, use this list to rehab yourself.1. No more Nicholas Sparks.2. Listen to Lena Dunham, not Mindy Kaling.3. Don't ever expect your guy to hoist a boom box playing "In Your Eyes" over his head—unless he's in costume.4. Forget Beauty met Beast. Or that Meg Ryan's character met Tom Hanks's. Or Emma Stone's met Ryan Gosling's.5. Kiss a frog. See what happens.6. Face it: When you take away all the ethereal sexiness of being a vampire, Edward Cullen is boring.7. Try to think of a rom-com that doesn't end the second the couple gets together.8. The Bachelor and The Bachelorette? Only three out of 24 pairs are still together.9. Ask any man what he thinks about making out in the rain. For that matter, ask yourself.10. Prince Harry? He'd break your heart. 01. Akela Hai Mr. Khiladi Album/Movie Mr & Mrs Khiladi Artists File Type mp3 Description Download 01. Akela Hai Mr. Khiladi Mp3 Song by in 190kbs & 320Kbps only on Pagalworld.
