Bdo witch guide 2021

Bdo witch succession guide 2021.

With 23 different classes, and a ton of grinding necessary to bring them... somewhere, deciding your main class in Black Desert Online is not an easy task. Each is truly unique in its game style, combo, and strategy, so you will definitely need to try at least 3 or 4 of them before deciding your main. This guide will help you decide which of the 23 classes you think is "right" for you, along with useful links to the official Discord server for each class. You are also able to identify which classes share main weapons or subs, so it could provide you with some interesting alternatives. Keep in mind that all the weapons of the awakening are unique, each class has its own. Without further delay, let's dive into the world of Black Desert and discuss each class separately! Serenaca Awakening Patraca Sub Mareca Class: Corsaro | Equipment and weapon: Class Maretakant Output date: 30 June 2021 Resource: MP Main weapon: Serenaca (exclusive) Sub-Arma Melee: Mareca (exclusive) Arma Risveglio: Patraca Attack: Combo: Control: Defense: Evasion: Pro Insane Mobility Impareggiabile Catenamento PvE «Contro Esecuzione extremely precise» Corsair is the richest pirate class we've ever seen in a MMORPG! It can literally ride the waves and slip towards its enemies with neat and elegant moves, or launch into devastating attacks, requiring precise aim and positioning. Excel in close fights, as you would expect from a pirate, and even his distance attacks will lead you in the midst of your enemies. Moving with Corsair is quite difficult, but if you can nail its flow, it is probably the most impressive BDO class, which offers an invisible sense of freedom! Official Corsair Discord Main Kriegsmesser Awakening Vediant Nodo Sub Ornamentale: Dark Knight|Equipment: Aretello|Arma: Classe Kibelius Date: 1 March 2017 Resource: EP Arma principale: Kriegsmesser (exclusive) Sub-Arma Melee: Ornamental knot (later at Berserker) Arma Risveglio: Viewant Distance connection: Combo: Control: Defense: Evasion: Pro Easy Combos High Mobility Tons of AoE Danni Against Glass Cannon 1v1s Tend to be Challenging Mana Potion Hungry Dark Knight is one of the most recognizable aesthetically, and one of the most critical as "subpowered" by players. He's had a tough time in the PvP for a long time, so you could meet a lot of people who would be discouraged by playing DK. The positive side is that she still offers one of the fastest grinding experiences, as long as you have mana potions! Its main weapon revolves around strong and targeted blows, while its awakening will allow you to destroy anything that obstacles your way from afar! The combination of misleading attacks and spellcasting makes the DK a difficult class to annoy.Dark Knight Discord Axe Battaglia Awakening Jordan Sub Shield Class: Guardiano | Equipaggiamento e arma: Classe Ynktra Data di uscita: 22 Gennaio 2020 Risorsa: WP Arma Principale: Principale: Ax Aoe Damage New Player Friendly in both the PVVE & Node war against slow / predictable animations Clunky movement Hard to escape from the Guardian fights is an enemy beast, which cancels enemies both in PvP and in PVE ... with easy! Definitely a great option for new players, since it has some of the easier combo to run to BDO, with enormous power of damage, and large mobilization - even if a little bulky in this. You have no problem participating in any game mode as guardian, since your strength can easily match every opponent-once you grab the mechanics of him. The big negative side is that your power can be easily provided by qualified players, so you may have difficulty challenge some points. It is also the only class, along with Ninja, who uses 2 different below -Armi, Kunai or Shuriken - Although Kunai completely completes its much more skill choices. That is missing in PVE and in the rectification speed, it definitely compensates in 1V1 situations, so PvP enthusiasts will surely have more than you. Exchange your arms back and forth is crucial And for efficient Ninja-ing, and there are always things you could do better in a fight. If you're doing the challenge, try trying them!
