JSTOR (July 2011) (Further information on how and when to remove this message template) (Further information on how and when to remove this message template) It is a list of characters from the Nickelodeon sitcom Victorious. The series centers on Tori Vega, a student of Hollywood Arts who enters into unpredictable situations with his friends. Victorious was created by Dan Schneider, who also serves as executive producer. The main characters of Vittoriosio (from left to right): Rex Powers (Robbie's puppet, dubbed by Jake Farrow), Robbie Shapiro (Matt Bennett), Cat Valentine (Ariana Grande), Trina (Daniella Monet), Tori Vega (Victoria Justice), Andre Harris (Leon Thomas III), Jade West (Elizabeth Gil Lies) and Beck Oliver (Avan Jogia). Main characters Tori Vega Tori Vega (played by Victoria Justice) is Trina Vega's younger sister and attends Hollywood Arts, a performing arts school, with her. When Trina experiences an allergic reaction to a Chinese herb to try to make her voice sound better, Trina's tongue gets swollen right before a big showcase at school. She is voluntarily by Andre Harris to take her place, since she knew how the piece was designed to be performed, as well as all the lyrics. performers "make it shine", which is the theme song, and everyone is impressed with her performance, including the leading Elkner, which offers her a school enrolment. She accepts and gets admitted to Hollywood Arts. Initially feeling out of place at Hollywood Arts, Tori makes new friends and becomes more comfortable. From there, the show details of Tori's journey through school as she comes into unusual situations are the differences and adventures with her friends. She is one of the favorite students of her teacher, Sikowitz. She is depicted as creative, handsome, caring, forgiving, responsible, positive, easy-going, and friendly, although she may be sneaky and Going from to manipulate his friends and family, especially the older sister, Trina, but she will always do the right thing at the end. Tori is shown for care for her friends and family a lot and is willing to help them when she is titubante to. Tori became friends with Beck Oliver, Valentine's Cat, Robbie Shapiro, and is near Andre. Often searchbe kind to Jade and Jade sometimes described as his friend, even if Jade same does not. In some episodes, they appear to be moving toward becoming friends, even though most of the time, Jade seems to be "brothers" with Tori. In later episodes, Tori shows you wear glasses when you get home and she wears contacts at school. You, or another student that resembles, can be seen along with Beck or a boy who resembles the episode Sam & Cat #MommaGoomer", as Sam and Cat go to Hollywood Arts for help to Sikowitz. Andre Harris Harris Harris (carried by Leon Thomas III) is the best friend and mentor Bulls in Hollywood Arts. Andre is an aspiring musician who loves to perform and write songs about him. He can play many instruments, including the guitar, keyboard, piano and French horn, but he prefers the keyboard and piano. Andre takes seriously the music of him and is usually seen playing in all performances by Tori. He â a talented singer and songwriter, having co-wrote nearly every song Tori has performed. Also often it leads Bulls to be a backup singer for him to her performances. Andre has proven to be humorous and gentle and Tori often relies on him to support her in her time of need, and he is always there for her, even though it's easily distracted at times. Tori often asks him for help or advice. He also likes to make jokes, but none of the other characters find it funny. Andre has a mentally ill grandmother. He also has a cousin who works as an actor, and an uncle who is a real estate agent, who once sold a house in Kenan Thompson. In "Jade Gets Crushed", Andre develops feelings for Jade after working together on a song for a project for one of the classes and Andre feels Jade sing beautifully. At the end of the episode, Andre tells Tori looks like he is breaking with Jade, but his former crush on him Jade is mentioned again in "Tori Fixes Beck and Jade". In "Tori Goes Platinum" Andre is revealed by the singer Bruno Mars is one of his influences to be a musician when he tells Tori, Cat and Jade office of Mason Thornesmith which saw Bruno Mars in the men's room and he says that Mars is one of his idols. Robbie Robbie Shapiro Shapiro [1] (carried by Matt Bennett) is one of Tori's friends in Hollywood Arts. He speaks with a puppet, Rex Powers, with whom he and all the others speak as if he were a real person. Robbie is a ventrilquistista expert, but was not credited for the talent of him until the episode "Freak the Freak Out". In the episode, Robbie does not understand why © has been referred to as a "ventrilquistista", or jokingly that indicates that Rex has his own mind and is not controlled by Robbie at all, or (in a more serious question) that Robbie suffers from schizophrenia therefore considering Rex a real person. [2] It is said that he has had Rex since he was small and are almost always seen together. Robbie rex, which leads to many arguments on the true sensitivity of rex. he constantly argues thatIt's not a puppet or a dummy when he said otherwise. Robbie is close to Rex and affectionate towards him, even if Rex ridiculous often. Robbie is considered nerd, shy and Â Â Â Â "Â Â Â Â "Â Â Â Â, but a good friend, faithful and honest for others. Robbie has a great amount of problems with relationships and attracting girls. Robbie is also in love with the Valentine cat, which is demonstrated in the episode "The Blonde Team" in which Robbie writes and sings the song "I think you're swollen" for her. The song covers what you are a great person, and how well they go, and that she's all that she thinks. She, however, doesn't seem to have the real feelings behind it, even if she seems to be greatly enjoying the song. She is also proven to be the only one who knows the full name of the cat, Caterina. She doesn't seem to have a sense of privacy. The only relative of her who has ever been seen is her grandmother. Robbie is intolerant to gluten, otherwise known as celiac disease. It revealed to the "Wok Star" episode that Robbie is Jewish because he spent his mitzvah bar money on skin tags and make makeup. It also exchanged for a girl in a couple of episodes like "locked up!". In which he is a completely diffent situation in prison in a foreign country. Rep!". In the pilot episode, Jade believes Tori is flirting with Beck, cosicshÂ her later she pours coffee on Tori's head during an acting class. Tori takes revenge by overcoming her in an alphabetical improvisational play and kissing Beck, the only two players remained on the scene. Jade is known to have lâ obsession to triumph over any enemy or rival you could ever meet, and occasionally is known to be interested in things bizarre, obscure or unusual that normally repugnant or scare other people. She has a fascination with scissors, as she sometimes sees in possession of scissors and she of her cabinet is decorated with them. In â Ice Cream for Ke & ha ', it turns out that her childhood she's been dark and unhappy, with a hammer and scissors, and she's been brought up by a father and irreplaceable equally indifferent and a mother with which she could not relate emotionally. She â she viewed as a singer and unâ extraordinary actress, who are the main talents that you have made lâ get into Hollywood Arts. In the episode of the first season "Jade Dumps Becka", it is revealed that he attended for almost two years. However, the two are left nellâ episode "The Worst CoupleÂ" after a fight without rest, even if it becomes clear that Jade still has feelings for him. After a bit 'of time apart, the two make amends nellâ episode "Â Tori Fixes Beck and Jadea" when Jade sings a song that is supposed to be dedicated to Beck, leading them to admit that he missed and get back together. Jade appeared later nellâ episode of Sam & Cat #TheKillerTunaJump" where she meets Sam Puckett and she gets her friends with her, while Cat was thought that the two girls would be killed at first sight because of their similarity. Â lâ friendship between Sam and Jade Cat makes so jealous to call Freddie Benson in Los Angeles in order to flirt with him. Cat Valentine Catarina A «Cata» Valentine (played by Ariana Grande) is one of eccentric friends Hollywood Arts Bulls. She and 'fun, energetic and sometimes unaware. In a video on TheSlap, she reveals that her full name is Catherine, but her grandmother calls her by full name. E' was also revealed by Robbie in "The Blonde Squadâ" Catarina Valentine. I will not sit here anymore and listen to you speak ill of yourself!"[4][5] She is relatively friendly and appreciated by all students. She is sweet, naive, sparkling and happy, often unsuspecting of what is going on around her. She has a playful nature and has a very short attention to span, so she can easily be distracted with colored objects from others when they want her off the road. It can be a bit of a drama queen and doesn't take very well criticism. She often shouts "What should it mean?!" when offended, which is very often and has become her catchphrase. [6] The cat often says random and strange things that leave others, especially Jade, confused or annoyed. Cat is also a very talented singer and actress, as seen in "Freak The Freak Out" where she sings a duet with Jade, and in the crossover episode "iParty with Victorious" where she shows a high vocal range. A running gag of the series is Cat who often tells her friends or strangers about her brother, who seems to have many unnatural problems, all of which Cat does not seem to find strange or abnormal. She has bright red hair that she dyed to look like her favorite snack, a red velvet cupcake. Andre's nickname for her is "Little Red", which she took offense at first, but then called him "creative." [7] Occasionally seen carrying stuffed animals. Through the series, she became ditzier and above the top, with a louder voice and more abnormal conversations. In January 2013, in the episode "Star-Spangled Tori", Cat's parents moved to Idaho to stay with her mentally ill brother in a mental institution for six months and two years where doctors could make sure he received a lot of mental relaxation and couldn't run away and keep him institutionalized. Her parents wanted her to live with her brother's Uncle Walter and Aunt Pearl while they're in Idaho, but according to Cat, they're very strict and petty. They don't like her red hair, they only eat vegetables, they said she can't have unlimited text, and they won't let her wash the toilet unless it's "necessary." This prompted Cat to escape and take refuge in the attic of Hollywood Arts' BlackBox Theater, where her life habits were discovered by Robbie and Jade. After Jade calls Cat's parents, Cat goes to live with her grandmother â who turned out to be living in Venice, California and not Venice, Italy as Cat had initially thought â until her parents and brother return. She refers to her grandmother as "Ninth." After Victorious aired his final season, Cat becomes a co-allowed character on the spin-off crossover Sam & Cat, a sitcom that began airing in 2013 and ended in 2014. Sam and Cat become roommates when Cat's Ninth (transported by Maree Cheatham) moves to Elderly Acres, Sam and Cat in They met in the 2011 episode iCarly crossover "iParty with Victorious", but none of them made many contacts. In the game, Sam SamMeet the cat after saving it from the garbage truck. The next day, Sam and Cat have created a babysitting service to collect some money after seeing some children. The house of Sam and Cat is declared "the most elegant apartment in the building". Beck Oliver Beck Oliver (depicted by Avan Jogia) is Jade's boyfriend. It was together with Jade for over two years and, unlike all the others, it is completely without challenge (even laughing when Andre admitted to be afraid of her) and he often likes to tease and make it jealous because of his reactions , which finds fun. Beck seems to be the only one who can calm the jade when he gets angry and has a little control over her seen throughout the series. Beck is seen as soft, friendly, relaxed, modest, open and thoughtful. Although he is demonstrated by annoyed and even lose calm, usually from Robbie or Trina, he normally is calm and harvested. Because of his good looking and the personality of him, he is probably the most popular boy of the Hollywood arts and attracts almost all females and girls like Trina, sometimes even older women. He seems to be aware of the effect he has on girls, sometimes using him looked at him to him. He and Andre are close friends. He's school cabinet is transparent, who is his way of saying that he has no secrets, that he is revealed to bulls when he was trying to find a decorative idea for him's locker. He lives in a trailer that is parked in his parents' driveway, he was told if he lived with them then he would have to go with their rules, and said "my roof, my rules". Beck grew up in Canada before moving to Los Angeles. It is shown in "Beck Falls for Tori" and "iParty with Victorious" that Beck has never heard the real terror nor has ever been scared by anything, a fact supported by Jade that calls him "sustainable". He usually he tries to keep peace in the group and keep all together. Beck breaks with the jade in the season 3 episode "The worst thing" after you tire you to constantly fight with her. In the episode "Tori will become Platinum", Beck tries to kiss bulls, revealing to have romantic feelings for her, but he refuses him because he saw him as a betrayal in Jade to kiss the former boyfriend of her. In the episode, "Tori solves Beck and Jade", Beck tries to get out of a girl named Meredith, who wants to do anything he wants, making him understand how he prefers to attend a girl who "fights" and "has a big mouth" because it is not easy and that an easy relationship with him is "boring". This makes him see how much he loses to be with Jade and that he loves her, bringing the two again. Later, their relationship is stronger and more stable. In the episode of Sam & Cat "#TheKillerTunaJump", Jade says the two are still in a relationship. He, or another student who resembles him, can be seen Tori or a girl who looks like him in the episode "#mommagoomore", like Sam and Cat go to Hollywood Arts to ask Sikowitz for help. Trina Vega Trina Vega (withdrawn) (withdrawn) Daniella Monet) is the older sister of Tori, who also attends Hollywood Arts. Trina's allergic reaction to a Chinese herb garrison in the pilot episode forces Tori to fill up for her in the great school window, which leads to Tori being offered admission to Hollywood Arts. Trina believes that acting and singing is her destiny, and is prone to her true lack of any talent. The only reason Trina is in Hollywood Arts is that Sikowitz had a coconut-induced hallucination during Trina's hearing, which turned his performance into a psychedelic extravagance for him, and every other judge was out at the moment. Trina is quite selfish and little dead the majority of the time, and is depicted as extremely difficult to deal with, sometimes even being called "monster" in "Freak the Freak Out". However, before being admitted to Hollywood Arts, she was represented at her hearing as a shy, sweet, nerdy girl. Despite Trina's poor personality, she may be worried about her sister when she wants to be and is shown that she looks out for Tori a lot. Later in the series, he showed a smaller growth, like in "Locked Up!" when he tries to get Tori out of a Yerbanian prison when he was accused of "attaching" the unnamed Chancellor Yerbanian and showed a real concern for his well-being. Other examples of this are highlighted in the episodes "Tori the Zombie", "Beggin' On Your Knees", and "Tori Gets Stuck". Trina also seems to have bad luck, as it often hurts. Some examples include: Fallen from the ceiling, a wall falling on her, get hit in the face with the flour, and get hit with a shoe box. With the final episode "Victori-yes", Trina has played a role in a Spanish-language television show called Diversismo, which boasts "a high-quality television show with top-notch recitation". In the end it is shown depicting a gigantic piece of cheese tormented by children in mouse costumes. Sinjin Sinjin Van Cleef[8] (transported by Michael Eric Reid) is a strange and questionable student at Hollywood Arts. It is nerd, disturbing, and very strange, often considered as a stranger to Robbie or Cat; his locker has his chewed food on it and he also likes to collect teeth of relatives of past presidents. It is usually used as a fake or corrupt appointment to fake date someone, including Cat. He usually interrupts conversations with strange comments that make no sense. He is a fan of disc music and has a huge crush on Tori and Jade, although both show more irritation than interest in his presence. Sinjin is skilled in the basic work on the productions and performance of the school. He is an expert in audio, lighting, and objects, and is the apparent leader of the technical team. He is also an expert in computer science, at the point ofable to hack a private server to delete an embarrassing image of jade in "the bad roommate," appears in almost every episode of the series, except for iFight, "the new cat of cat", "Sleepover a Sikowitz's," Locked up, "I "Tori Tortures Teacher," Jade Gets Crushed " " Terror On Cupcake Street " " The Breakfast Bunch " " Andre's Horrible Girl " " Car, Rain and Fire "and" Driving Tori Crazy ". It turned out to" At Christmas Tori "who has a sister named Courtney (interpreted by Dominique Grund) who also attends Hollywood Arts. Sikowitz Erwin Sikowitz [9] (pronounced psycho-wits) (transported by Eric Lange) is the hippie acting teacher to Hollywood Arts. His habits could be interpreted as strange and its methods are indicated to be often very strange (including launching a cat ball while performing,) but sometimes very effective. It often walks barefoot, which is the Sudden stretch of hippies. He likes to enter the class through a window and is almost always seen drinking from coconut because, as Jade says, "milk gives vision". Tori gave him two dollars his first day at Hollywood Arts , thinking of being homeless. He also gave Cat, Jade, Beck, Andre and Robbie the permission about Â "The Salvation Goomers.ÂÂÂ After that Goomer confessed to her mother to be a MMA fighter, Sikowitz uses an electric razor to remove her hairs fake from the armpits of he says, claiming that she had grown up too soon. In the same series, Cat has a photo of a Sikowitz laughing near her bed in the room she shares with Sam. Lane Lane Alexander (interpreted by Lane Napper) is the guidance consultant for Hollywood Arts. Lane is a good guidance consultant, and often helps students with their problems and solve their arguments, but sometimes they can be reluctantly sometimes, asking students â e eHy me? Â Â Usually Great ads at school. He seems to hate dry skin or was obsessed with the lotion (as seen in â "The Wood"), as we often see applying lotion on hands. He has a nephew named Devant, as seen in «The Diddy-Bops.Â Lane is what made a television reality, The Wood, left school because it was becoming a problem for students and shocking Learning environment. It tends to be a bit extreme in his relationships, as when he gave a two-week punishment in Tori for an alleged accidental blow to Jade during a fighting test, he forced Robbie and Trina to cover Festus after accidentally injured him, and Tori And Jade brought Festus home after unconsciously destroyed his car similar to that of the attendants. It appears in «Pilotâ, Â «The Bird Sceneâ, Â «Stage FightingÂ, Â «Tori The ZombieA», Â «RobarazziA», Â «BeckâÂ s Big breakâÂ, Â «The Great Ping Pong Scam" " Â «CatâÂ s new boyfriendA», Â «The Diddy BopsA», Â «The Woodâ, Â «Tori remains blockedA», Â «iParty with Victorious», Â «Helen back again», Â «Who lâÂ Died in Trina? Of berries.âÂ «As revealed by its profile on theslap.com. Lane's surname is Alexander. David and Holly Vega David and Holly Vega (interpreted by Jim Pirri and Jennifer Paper) are the parents of Tori and Trina. David works as a police officer while Holly's work has never been revealed. They belong to «Pilotâ, Â «The BirthWeek SongâÂ, Â «Sleepover at SikowitzâÂ sA» Â «Locked Up» and Â «Jade Gets Crushed» Although their mother appeared in Â «RobarazziA», Â Â A film by Dale Squiresâ, Â «Helen Back Againâ, Â «Driving Tori Crazyâ, Â «Tori Goes Platinumâ, Â «Crazy.âÂ «Ponnie, Â «Cell "The Bad Roommate" and "Star Spangled-Tori", and their father appears in "Freak the Freak Out" and "Car, Rain and Fire," they show to be a little careful, but when their daughters get too out of control or need their help, they tend to stay out of it and go away doing something else, which is indicating that they are very faraway parents. They often ignore or neglect Trina and Tori's needs. Tori and Trina usually have to take care of each other because their parents most likely neglect their parental responsibilities. For example, in "Freak the Freak Out", Trina gets her wisdom teeth removed and their parents decide to leave the city so that they would not have to take care of her, knowing that she would become violent. Tori likes to point out sometimes that her father is a cop, usually in Sinjin, but also to others, especially if someone is bothering her. David Vega works with the LAPD and is originally from Puerto Rico. Andre Charlotte Harris's grandmother[10] (transported by Marilyn Harris) She's Andre's grandmother. She is mentally unstable and often paranoid about things. It shows that he is afraid of almost everything, including various sensitive objects such as watches and mirrors. In the episode "Wi-Fi in the Sky" he is frightened after seeing his reflection in a mirror and shouts "Andre, there's another 'me' on the wall!" When she is greeted by new people, she hides behind everything she can find, while simultaneously shouting "I don't know you!" Andre tells Tori in the episode "Pilot" that his coming to see Trina perform "Make it Shine" is the first time in six years that he has left home. He also quotes in "Survival of the Hottest" that before he lost his mind, she told him, "Andre, no matter how bad things you get, you can always get better by singing a song." He often clicks at Andre and is perhaps the only way he communicates with anyone. In "Wi-Fi in the Sky", he yells at Andre to "talk to himself" when he was actually video chat with Tori, Cat, and Beck then scares and stings Andre's computer. During an interview on a video on TheSlap.com in which Andre read her crazy text messages, her first name is revealed to be Charlotte. She appeared in "Pilot", "Wi-Fi in the Sky", "Sleepover At Sikowitz's", "iParty With Victorious", "Driving Tori Crazy", "Tori Fixes Beck and Jade" and "The Bad Roommate." Mrs. Lee (carried by Susan Chuang) is the owner of Tori's favorite Chinese restaurant Wok Star, who proposes to pay to produce Jade's game in the episode "Wok Star." But things get complicated when the lady, Lee makes drastic changes to the script and wants to put his daughter, Daisy, in the game. Ma'am. Lee returns to the episode "Andre's Horrible Girl", now operating a sushi bar called Nozu after Wok Star burns down. This prompts Tori to ask if he is Chinese or Japanese, who responds with a slap on Tori's head. She then appeared in the third season episode "How Trina Got In", doing Tori and Robbie hit a bunch of squid after they can't pay their bill. After the bill has been resolved, Robbie breaks accidentally accidentally Mrs. Lee asked Robbie to repay the damage, with one of the works that rub the feet of chef Kwakoo. He also appeared in the episode of the fourth season "The Hambone King" where he praises Robbie's abilities in hamboning. Burf Burf (played by Darsan Solomon) is a student who frequents Hollywood Arts and frequents Sinjin. He was first seen in the episode "Tori & Jade's Playdate", while spying on Tori and Jade on behalf of Sikowitz. Then he appears in "Driving Tori Crazy" when Cat offers him a bag of rags. He also appears in "The Blonde Squad" and in "Tori Goes Platinum", when he sends a video of himself singing for a competition.
