[Necessary quote] is also the creator of the table and cashflow flow games to educate adults and children on the company and financial concepts [3] Kiyosaki's seminars in the United States and Canada are conducted in collaboration with a company Called Whitney Information Network and are negotiated to local companies as franchisee in other countries. [4] However, some participants sued Kiyosaki on the statements that his high-price seminars did not deliver anything special. [5] Kiyosaki is the author of over 26 books, including the International Self-Posted Personal Finance Rich Dad Father Poor Pap Series of Books that was translated into 51 languages and sold over Millions of copies around the world. [6] [7] It was criticized to support the disqualable legality practices perceived as philosophy "becomes rich rapid". [8] Kiyosaki is the subject of a class action suit archived by people who participated in the seminars of him and was the subject of two investigative documentaries of CBC Canada and WTAE USA USA. [9] [10] Kiyosaki's Company, Rich Global LLC, LLC, For bankruptcy in 2012. [11] Early life and the family Robert Toru Kiyosaki was born in 1947 in Hilo, then in the territory of Hawaii. [12] Part of the generation of Yonsei of Japanese Americans, was the eldest son of Ralph H. Kiyosaki (1919, 1991), an academic educator, and Marjorie O. Kiyosaki (1921    ​€​â​~​  17), A registered nurse. Kiyosaki was followed by his three brothers    ​€​â​~​   "Sorelle Emi and Beth and his brother John. Kiyosaki's military education and career attended Hilo High School and graduated in 1965. Subsequently, most of the information about Kiyosaki comes from speeches and talks that he made of his life. For Kiyosaki, he received candidates of the Senator Congress Daniel K. Inouye for the US Naval Academy and the US Merchant Marine Academy [13] He attended the Merchant Marine United States Academy in New York and graduated in 1969 as an officer of the bridge with a degree graduate and a commission like 2a Lt. in the body of US Marine. [14] After graduating from college, Kiyosaki took a job with the standard oil bank office as a third companion. Kiyosaki has resigned after six months to join the marine body, [15] [necessary quotation] which serves as a helicopter gun pilot during the Vietnam war in 1972, where an air medal was assigned. [16] [required quote] For Kiyosaki, he registered in a two-year MBA program at the Hawaii University of Hilo in 1973 while he was still in the military. [17] He was honored by Marine Corps in June 1974. Corporate career in 1974, Kiyosaki attended the East Erhard seminars, who said he changed his life. [14] [1] In 1977, he started a company called "rippers". [18] The company has led to marketing the first Nylon and Velcro surfer wallets. Kiyosaki and the products of him were present in the world of Runner, in the quarter of the Lord, of the successful magazine, the Newsweek and the Playboy. [19] The company eventually went bankrupt. [18] Kiyosaki took a job as a sales associate for Xerox until June 1978. Kiyosaki then [clarify] started a retail business that made T-shirts, hats, wallets and bags for heavy metal rock groups. The company has been bankrupt in 1980. [14] In 1985, Kiyosaki cooperated the equisuite learning institute, a corporate education company that teaches entrepreneurship, investments and social responsibility. [14] Around this time, he married his second wife, Kim, who had already invested in some properties in Phoenix. In 1994, Kiyosaki sold the educational company. [14] [20] In 1992, Kiyosaki published the first book of him, if you want to be rich and happy, don't go to school. In him he books him, he encouraged parents not to send their children to college and instead of entering the real estate sector. [21] In 1997, Kiyosaki launched Cashflow Technologies, Inc., a company of corporate and financial education [22] which he owns and manages the rich pap   and cashflow brands. [23] Kiyosaki collaborated with Amway to promote the book of him. As an interview with Forbes, Kiyosaki's main earnings arrive through the franchisees of the rich dad seminars. [24] Other companies and investments The last two companies of Kiyosaki (for surf bags with velcro and t-shirt fixing elements) went bankrupt. [25] In an interview with CBC, Kiyosaki described the books of him as advertising for his most expensive seminars. In 2012, the Kiyosaki company "Rich Global LLC" presented for bankruptcy and ordered to pay almost \$ 24 million in the attachment of learning and its founder. [26] [27] He manages other external businesses and investments. [28] Business and financial business Main items: rich rich dad and rich dad dad Dad Kiyosaki operates through one of Companies that fully or in part, and through franchise agreements with other companies authorized to use its paid name. [29] This includes Rich Dad LLC, Whitney Information Network, Rich Dad Education and Rich Dad Academy. [30] In addition to publishing different books on corporate and financial consultancy, Kiyosaki also wrote the preface to the taxed wealth of Tom Wheelwright's 2012 book. [31] Kiyosaki's Financial and    The teachings focus on what calls "financial education": generate passive income by concentrating business opportunities and investments, such as real estate investments, businesses, stocks and raw materials, with the aim of being able to support themselves from Such investments alone and therefore reaching real financial independence. He has a series of authors and other "experts" that he often mentions as "rich father consultants" on real estate reversal, financial planning and avoiding taxes. [32] Kiyosaki uses the term "goods" for things that put money in your pocket. [33] [34] He declares that activities generate cash flow, such as warehouse dividends, lease income from property or income by companies. He defines the "passivities" as the things that devour in cash of his pocket, such as his own personal residence, consumer loans, car loans, credit card payments and loans to students. Kiyosaki claims that the leverage is crucial in becoming rich despite the risks from the use of financial leverage to achieve financial independence. [35] He emphasizes the importance of building a first advantage to finance his passivities instead of saving money or relying on a salary from a traditional work. [36] Kiyosaki personal life was married to Kim Kiyosaki. Since 1994, Kiyosakis experienced in Phoenix, Arizona. [37] Robert and Kim were separated in 2017. Robert confirmed the separation in an interview with Daniela Stansberry Cambus Research on 10 June 2021. Kiyosaki policy approved and supported the Republican candidate Donald Trump for the 2016 presidential elections. [38] Kiyosaki has also coauded a book with Trump. [39] Criticism in 2007, the division of the state of the Ohio of the real estate sector and professional licenses issued a declaration of warning of people against some of the illegal methods preached by Kiyosaki in books and seminars. [40] [41] In 2010, the Canadian Broadcasting Corporation made an exhibition on Trams that were perpetrated by the Kiyosaki company in Canada in Guise of Seminars. After tracking the successful claims of the seminar organizers "Rich Dad Daddy", they found that these statements were not true. Investments in trailers and trailer parks, which were propagated as "success" by seminar teachers, have been actually found to be pieces of sterile land that nobody was using. [42] From 1990 to 1995, Kiyosaki used Amway to promote his book with multilevel marketing. She was sued by her mate of her Sharon Lechter Author in 2007 to avoid keeping the terms of their agreement. [43] The Kiyosaki advice was criticized to emphasize anecdotes and not contain anything in the concrete consulting way on how readers should proceed or work. [44] Reply that its material is intended to be a motivational tool to read readers to think about money rather than a guide to wealth, that "rich dad" was an imaginary character, [45] and that books should be "Interesting" rather than involving a lot of technical equipment [46] John Reed, a real estate consultant, stresses that Kiyosaki's books often recommend practices such as illegal use of insiders suggestions from rich friends (Insiderial trade), as well as purchases Real estate of the vulture and taking more debts on credit cards than you can manage and declarify failure whenever the plans have gone wrong. [47] In an interview with the Canadian Broadcasting Corporation, he admitted that he collaborated with a real estate company to promote his activity through his own seminars. He also admitted that since the rich dad seminars were franchisees they have Regardless of him, he had little control over their content. Kiyosaki was criticized to be anti-education, claiming for people to abandon school and to explain the idea of higher education that is superfluous for financial success. [48] He has ridiculous people who are highly educated and successfully academically and said "the best way to get even with students of a degree had to make them my employees". He described people who go to college as "suction cups" and doctoral holders as people who are they are Impotent, and desperate ", aluding to Kiyosaki's father, who became poor and unemployed in the last years of his life despite having a research doctorate. [49] In 2006 and 2007, the rich pap   seminars of Kiyosaki continued to promote real estate As a solid investment, just before their prices were crashed. [50] In 2010, Allan Roth of CBS News documented what has occurred when he participated in one of the free dad seminars of rich and baked some of the tactics used. [51] The market expos      on its seminars in Canada showed what has occurred in seminars of \$ 450 through a hidden camera, including Kiyosaki's response to them.
