The news of the week have already begun to appear on the App Store and by Google Play, and this time we have one specially dedicated to fans of the zombie games, but to which everyone who is looking for some new game to sink their teeth into the bridge should give it a try, since it is free to download: Into the Dead 2. Into the Dead 2: the sequel to one of the most popular zombie games Games set in zombie apocalypse are one of the great favorites, both in the App Store as in Google Play, so that when we talk about one of the most popular of them all we already know that we have to prepare for something really spectacular in terms of download figures and that is what happened with the first Into the dead, who got to get more than 70 million downloads. Related article:The best zombie games for Android tablets and iPad With these precedents, and taking into account that a few years had already passed since it was released, no one can be surprised to know that there was a lot of expectation with the launch of a sequel, and we can finally announce that the time has come when so many were waiting and that we can finally get our hands on already Into the Dead 2. An action packed survival adventure Like many of the best zombie games, the first Into the dead was shooter action-packed in which our aim was put to the test with countless undead, and his successor has maintained this approach, also striving to prevent the series of shootings from becoming repetitive by introducing a lot of variety in the missions and in the fighting styles that we can use. It must be added that, like many others zombie games, seems to have adopted one of the characteristics that fans of another great classic of the genre, The Walking Dead, liked the most, which is having to face complicated decisions and offer us a story that does not develop in a completely linear way, but leaves us multiple endings, and which one we get will depend on what we do during the seven chapters that compose it. Free for iOS and Android Of course, we are going to find ourselves with in-app purchases, as sometimes happens even in premium games, but at least we will be able to, free download, so there are not many excuses not to give it a try and start warming up for Halloween, which we already have just around the corner. Developer: PiKPoK Price: Free+ Developer: PICKPOCK Price: Free Its reception both in the App Store as in Google Play It has been excellent for the moment, something difficult to achieve when there are so many expectations, which is certainly a good sign. We must not lose sight, in addition, that the multiple endings can encourage us to replay, so we can have a good number of hours of entertainment ahead of us. And if you are one of the few who did not try the first installment, this may convince you to do it now. 1.60.02022-04-11- Various bug fixes and performance improvements.1.50.12022-03-02- Various bug fixes and performance improvements.1.50.02021-12-12- Various bug fixes and performance improvements. 1.49.02021-10-04- COMING SOON: You've pushed your luck too far, and now you're paying the price.
