Farming Simulator 17 reviews App I had this game about a year and a half Ago and there is a big problem. Every time I log in, the half of my screen is black. I am on MacOS and I actually don't think it's High Sierra. I canceled and downloaded back and forth, but no help has been done. Please resolve this problem or put my dad to e-mail this company. I had this game on my Xbox first, but I don't work !!!!!!!!!!!!! I bought this game sooo over! but then, when I went to play, it has become black !!!!! I could still hear the audio so I knew it was in operation, but I just view wouldnt !!! plz give me a refund !!!!! or correct this game !!!!!!! This game is impressive please get this game !!! When I tried to download mods out of the app, I looked around and Couldn't find a mods folder. The couldn't add one or nothing. I am fundamentally locked with mods in modhub in the app. Great game and was wondering when the update comes and great giant game :) I updated my computer for the high Seirra OS and now this game turns extremely slow. Even with the graphics turned to the end it is still a lot of lag. I don't even try to play online and is lag. Please update something so that it's as good as it did with the latest operating system. I sent this company twice about why the game hangs in loading mode. It was very frustrating because the Isna game is a cheap can only push away and say an oh, this is a good game. I didn't have an answer for the first time, hoping to put one this weather. I asked for a refund until you solve this problem. I uninstalled and reinstalled several times and the problems were still happening. So until the problem has been solved or explained to me, my à €
